Phoenix, Arizona

Attention: Mr. Thomas L. Kimball

Dear Sir:

Receipt is acknowledged of your letter of 22 December 1950 regarding the use of a portion of Fort Huachuca, Arizona, for the purpose of maintaining buffalo and antelope herds.

The Commanding General directs me to advise you that to date this headquarters has received no directive from the Department of the Army directing the recapture of Fort Huachuca. The Division Engineer, South Pacific Division, has advised this headquarters that only preliminary steps have been taken by that office regarding present utilization of the post in the event a military necessity arises for the recapture.

However, in the event Fort Huachuca is again established as a military installation, your request will be given every consideration.

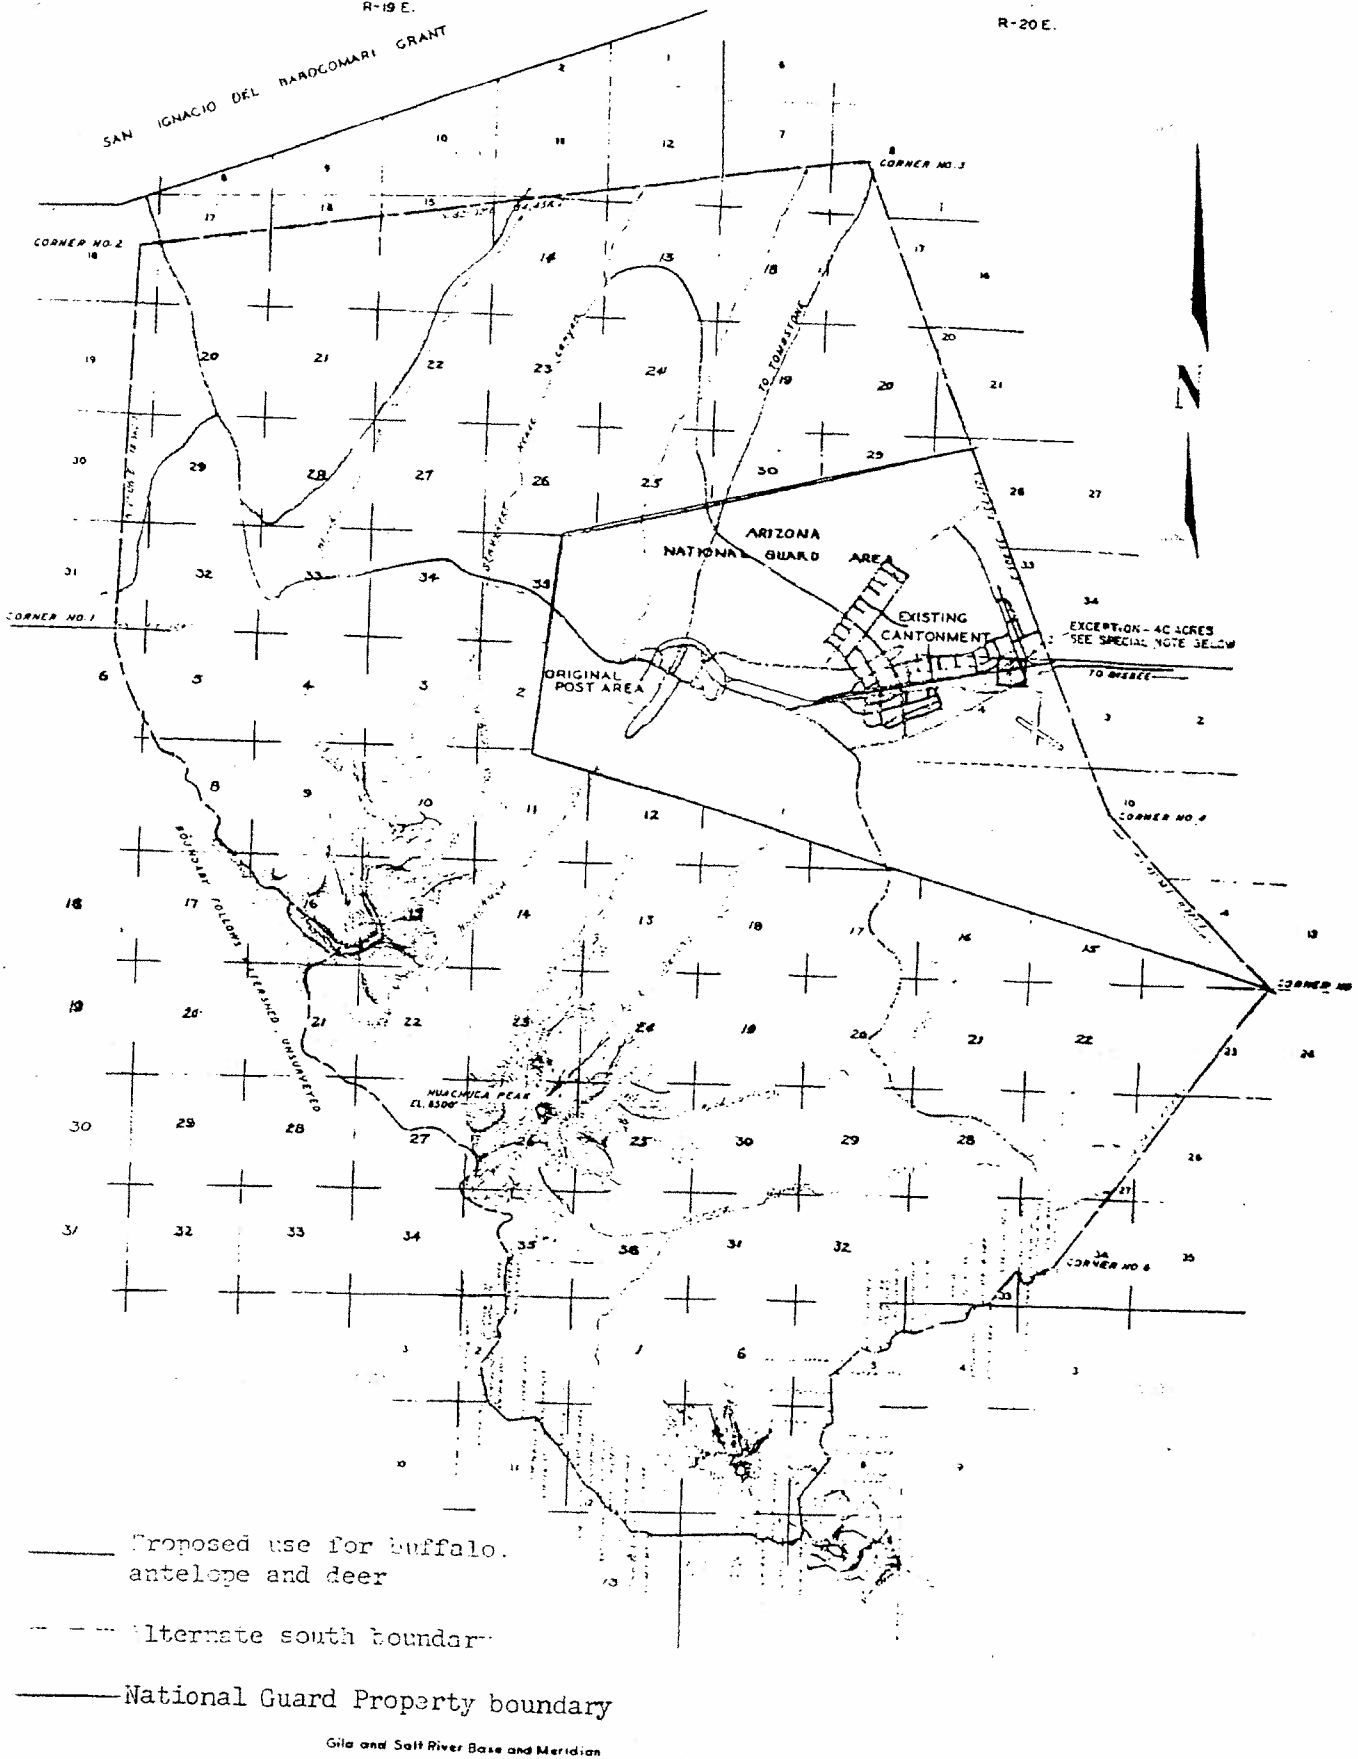

In the interim, it is suggested that you furnish this headquarters with a map delineating thereon the area which you would require in the event recapture is required.

Sincerely yours,

Copy furnished:
